- The DfE's non-statutory guidance for the early years foundation stage progress check at two years old.

5. Learning and Development

In partnership with parents, the academy will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Early years foundation stage (EYFS) statutory framework'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

Prime areas – defined as the areas that are particularly important for building a curiosity and enthusiasm for learning, forming relationships, and thriving:

- Communication and language
- Physical development
- Personal, social, and emotional development

Specific areas – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

The academy will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.
- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring children are ready to benefit from the opportunities available to them when they begin Year 1.

When organising and implementing educational programmes, the academy will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring

- Active learning
- Creating and thinking critically

All staff members will have due regard to the learning and development requirements as set out in the Trust's Early Years Teaching and Learning Policy.

Each child will be assigned a key person who will help to ensure their learning and care is tailored to meet their individual needs.

6. Assessment

Assessment plays an important part in helping the academy to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with statutory requirements, the academy will undertake a summative assessment of each child's development at certain stages. These are:

- Progress check at age two – a short written summary of children's development in the prime areas.
- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception.
- The EYFS Profile – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

The academy will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard to the Trust's Early Years Assessment Policy, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

7. Inclusion

All children are valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender.

The EYFS curriculum is planned in order to meet the needs of the individual child and support them at their own pace.

The **Equal Opportunities Policy: Pupils** ensures that the needs of all children are met, regardless of any protected characteristics they have.

The **Special Educational Needs and Disability Policy** ensures all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the academy's SENDCo.

8. The Learning Environment

The academy recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The academy will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas, including:

- Construction
- Role play area
- Sand and water
- Arts and craft
- Writing and mark making resources
- Play dough
- Small world toys
- Vehicles and cars
- Natural resources such as conkers, pine cones and leaves

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

9. Safeguarding and Welfare

The academy will take all necessary steps to keep children safe and well and comply with the requirements of the 'Statutory framework for the early years foundation stage' to:

- Safeguard children.
- Ensure the suitability of adults who have contact with children.
- Promote good health.
- Support and understand behaviour.
- Maintain records, policies, and procedures.

Child protection

Staff will be alert to any issues of concern in the child's life at home or elsewhere. Any safeguarding or welfare issues will be dealt with in line with the Child Protection and Safeguarding Policy, and all members of staff in the EYFS will be required to read this policy as part of their induction training.

The DSL is Genevieve Saunders. The deputy DSL is Sharn Armiger.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSL will undertake the duties of the DSL in their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect.

Where there are concerns about a child's safety or welfare the academy will:

- Immediately notify the LA's children's social care team, and in emergencies, the police
- Have regard to the DfE's statutory guidance 'Working Together to Safeguard Children' the 'Prevent duty for England and Wales' and 'KCSIE'
- Inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, or looking after children at the premises and the action they have taken in response to the allegations. Notification will be made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made.

15. Parental Involvement

FGT firmly believe that the EYFS cannot function without the enduring support of parents.

Parents are invited to termly parents' evenings; however, the academy has an open-door policy and parents are welcome to talk to teachers at the start and end of the school day. Other meetings can be arranged at time to suit both parents and staff if necessary.

Either the Headteacher's office or a suitable alternative office will be utilised for confidential discussions between staff and parents.

Parents are asked to sign permission slips for any visits out of school, use of photographs of their child and using the internet at school.

Parents are asked to complete admission forms, a medical form and to write a brief synopsis about their child to help the academy to understand their character and personality.

16. Transition

Each individual academy in the trust organises transition opportunities to meet the needs of the children in their setting. Parents will be informed of the arrangements in advance.

Children entering Year 1

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Learning journals, phonics assessments, examples of writing and suggested pupil groupings will be passed on from the Reception teacher to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of 'emerging' for one or more ELGs.

17. Monitoring and Review

The Future Generation Trust Board has overall responsibility for this policy and for reviewing its implementation and effectiveness. The Headteacher has day-to-day operational responsibility for this policy and must ensure that all staff are fully aware of its contents and trained accordingly.

This policy is reviewed annually. Any changes made to this policy will be communicated to all members of staff and parents, and the new version of this policy will also be published on the academy website.

All members of staff directly involved with the EYFS are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction.
